

ABOUT

Event Overview

- The Philly Burger Brawl attracts **50+ of the areas leading restaurants** and chefs to compete in a battle for the best burger
- **5,000+ attendees** were **expected** to visit Xfinity Live! in October to sample and vote for their favorite burgers
- The yearly competition raises money for Philadelphia youth programming (to date, the event has raised approximately \$450,000)

Brawl to Crawl

- Due to the success of the Phillies and logistics with Xfinity Live, the **Burger Brawl** was forced to pivot to a **Burger Crawl**
- The Burger Crawl was a **month long event** where ticket holders can visit participating restaurants, taste their competing burger, and rate them based on taste, appearance, and creativity
- 32 restaurants participated and over 1,000 tickets were sold

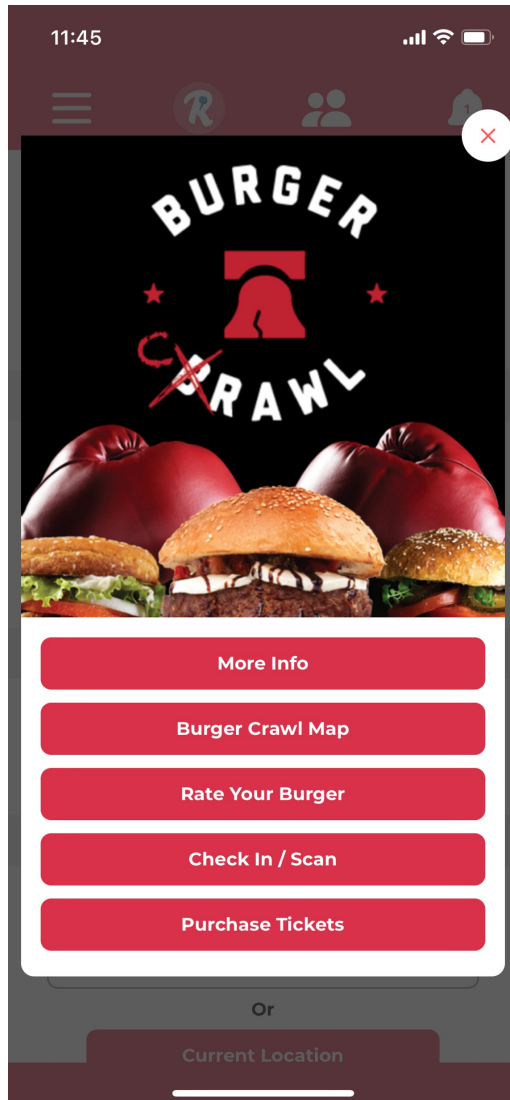

Let's Rallie

- The Let's Rallie app was brought in to help **manage the event**, **streamline the voting process**, and **communicate** with both the attendees and restaurants
- The app was able to **quickly pivot** from a one-day event host to a month-long interactive event organization tool

TESTIMONIAL

"Let's Rallie was an essential part of Burger Brawl's event planning and execution. When it was necessary to pivot from Burger Brawl to Burger Crawl, we would not have been able to do it without the Let's Rallie App. Users were able to use many features such as interactive maps, QR codes, check-in to locations, and vote using the app. Robbie and his team were incredibly helpful and reliable throughout the whole process, and even customized features for the app to fit our needs. Let's Rallie brought our event to the next level!"

- Philly Burger Brawl
